Re: NIST request regarding Ammann & Whitney Report

Dear Mr. Cheung:

I am enclosing a copy of a Condition Survey Inspection Report of 7 World Trade Center, dated April 1997, prepared by Ammann & Whitney for the Port Authority's Quality Assurance Division. We were recently requested by Melissa Lieberman Esq., Counsel for NIST, to provide your office with a copy of this report. For your further information, I am advised by our Engineering Department that a Mr. Walter Weems was the SPI Building Manager for 7 World Trade Center at the time this report was completed. If you require any further information on this matter if you please feel free to contact me.

Very truly yours

James M. Begley
